

ACTIVITY REPORT

1. **Title of Activity:**

Workshop on 3D Sketch up by- Ar. Vijay Patil.

2. **Date & venue:** – 21 January 2020

Kalaprabodhini's institute of design,
Kolhapur.

3. **Outcomes of activity:**

- The main motto was to introduce the main software which is commonly used in offices for express your ideas with precise dimension with 3d visualization in front of client.
- Learning something new is always an exciting part for students which helped them perform the tasks under the guidance of professional person, they also got to know how to interact & cope up with professionals.
- Students got to know the new way of creative self expression, with help of practically used software which they can implement in their projects & in execution of design part later.
- As an outcome of the workshop practicing & performing drawing with Auto CAD and view in 3D Sketch up in their projects style proved to be helpful in improving quality of design as well as drawing of students.
- Getting live demo's, face to face tips & guidance from Ar. Vijay Patil sir and also he boosted the enthusiasm towards practically oriented software Auto CAD & 3D Sketch up.

4. **Description of activity:**

- Warm welcome of the external visitor & conductor of the workshop the Ar. Vijay Patil & his introduction by the students.
- Introduction about various software which is mostly & commonly used in the field or in practice.
- Importance of Auto CAD & 3D Sketch up
- Students got addressed by Ar. Vijay Patil sir regarding presentation workshop.
- Sir explain, how to handle the Auto CAD & 3D Sketch up software during the workshop
- Ar. Vijay Patil sir performed live demo with the help of laptop with different presentation technique in and style which proved to be the best part of the workshop.
- Students got the opportunity to share same platform along with Ar. Vijay Patil which resulted into production of good quality work by the beginners & also got appraisal for the same from Ar. Vijay Patil.

5. Activity Experience:

a. Outcome wise description of observations/explanations

- To learn the new creative art with the help of software & the students to explore their knowledge.
- Learning the presentation style is beneficial in interior designing field
- Learning Auto CAD & 3D Sketch up is to develop the practical base knowledge & It is important role here.
- Students also tried their hands on making their design projects.

b. The concept/principles/procedures learn as the result of activity

- The primary concept behind conducting this workshop was to introduce the actual work on offices.
- The workshop of presentation techniques helped in improving & enhancing the drawing style of students.
- Whichever students may learn but they should get stimulated mentally on how to implement this knowledge in their professional work.

c. Application of observation/experience in professional life/work

- Presentation techniques can be used in various interior designing projects where students can design their work spaces with the help of this 3D Sketch up software.
- Some of them may find it interesting & later may develop these skills on professional front also they can apply these skills while doing interior projects. It may become their hobby or extra source of income.

d. Summary & conclusion

- The workshop proved to be actual practical experience for the students, Where they got the chance to interact with professional person & got to learn about the software's which will prove to be helpful for them in professional as well as education level.

6. Assessment of activity outcomes:

- Learning professional base software and that also like Auto CAD & 3D Sketch up which can be used in professional practice as well as in their design projects.

7. Photographs.
