4. **Description of activity:**

- To Interaction and motivate students in Interior design subject ,our college organized A 4 day Workshop on Administrative Office Design by Ar. Ketan Jawdekar. on the date of 25 to 29 June 2018
- The workshop was started at 11 o clock in morning with welcome & felicitation of Ar. Ketan Jawdekar. , Pune.by Principle . Ar.Girija Kulkarni and Ar. Shivraj Ghatage(class co-ordinator).
- This workshop was divided in 3 parts
- - 1) In first part students have to do *Measure drawing* of site so that they learn the design process and take actual site experience. For this they are divided in group.
 - 2) After this , Design requirements were discussed with students as per this student have to gathered all information on related subject. This will be second part of the workshop. Short listing a good *design* from them and student make small presentation .
 - 3) After that A.V. presentation by guest designer at 5 pm to 7.30 pm. So the students learn how a professional designer do work on such kind of projects with different design *concept development* .Ar.Ketan jawdekar also explained her design philosophy used his different award winning projects.

- During the process of designing , the guest designer are giving some important suggestion by personal interaction with student.
- After allotted time given to student, our guest shortlisted some designs from them.
- These Student have presented their design and ideas to all students.
- After that Our guest speaker started their presentation on respected subject.
- They had presented their personal projects with detail explanation.
- They explain different philosophy related to office design and client brief..
- After that they show their different project executed by giving client brief.
- Then there is question an answer session is done.
- Students had actively participated in this session.
- The workshop was concluded with vote of thanks both by the expert and students.

5. Activity Experience:

a. Outcome wise description of observations/explanations

- Because of group activity , students learn to work in group which is part of their profession because while doing their own practice or in offices , they have to work and interact with different types of personalities and agencies working on site. So any interior project cannot be complete with single person, designer have to handle a group people.
- Architect discussed individually with group while designing session.

b. The concept/principles/procedures learn as the result of activity

- Students learn group activity
- They learn how to develop design and procedure while designing of an office.

6. Assessment of activity outcomes:

- Student learn to work in group and enjoy thir design with expert discussion.
- Student learn how to start a design and design process.
- Student learn how to develop design concept in reality thought the slide share and discussion with architect.
