

ACTIVITY REPORT

1. Title of Activity: *A Webinar on Research Methods and Techniques in interior design*
by Ar,Vijay Gajbar

2. Date & venue: Date :07-11-2020

Venue : Kalaprabodhinis institute of interior Design

3. Outcomes of activity:

- To understand Basic Research Methods and Techniques in interior design
- Methods and Techniques in interior design

4. Description of activity:

- Our college organized A one day Seminar on *Research Methodology* on the date of 07 November 2020 by Ar, Vijay Gajbar
- Methods research in design field has been explained.
- Explain research goal

5. Activity Experience:

a. Outcome wise description of observations/explanations

- Basic Research Methods and Techniques in interior design: 1-Subjective technique vs. Objective
- Qualitative techniques vs. quantitative:
- Presentation methods and techniques. .

b. The concept/principles/procedures learn as the result of activity

- Students understand One particular method could be better suited to your research goal than others
- The concept of this seminar is to understand the difference between Research Design and Research Method

c. Application of observation/experience in professional life/work

- Students understand Research design and methods are different but closely related, because good research design ensures that the data obtain will help to answer for research question more effectively.

d. Summary & conclusion

Students understand following points-

- Type of research methodology
- Probable objections to research
- Settings for the research study
- Timeline

6. Assessment of activity outcomes:

- Students are now understand the types of research and Which research method should choose
